

EISENHOWER WILLING FOR BIG FOUR TALKS

About Town

And Country
By TIMOTHY S.

Little Dog Follows Sisk Family To California

TRUE STORY DEPT.: That little dog that used to follow the Sisk boys around here in Harrisburg has turned up, in California.

Don't know the little fellow's name, but it used to follow young Jack Sisk around when Jack delivered papers on his bike. Anyhow, when the Jack Sisk Sr. family moved to California last summer, the animal went, too.

Yesterday the Harrisburg Humane society obtained a letter from the Riverside County Humane society at Riverside, Calif., the city where the Sisk family moved.

The letter said: "We are holding a small mixed breed dog at our shelter, with a dog license issued by your county, Dog Tag 31, Year 1954. I would appreciate it if you would send me the owner's name. They may live here in Riverside now. Thank you very much. Sincerely yours, Harvie T. Tait, Humane Officer."

A check by the local society revealed the license was issued to Jack Sisk of 705 West Raymond avenue, Harrisburg. Further check revealed it had been vacated at the society's clinic last March 28. And further check of the record revealed the family had moved to Riverside, with the address there listed.

The information was dispatched to the Riverside society and the Sisks may be getting their dog back any time now.

MAIL: I received a letter from Mrs. John Gintert of Karbers Ridge. She writes she happened to be the owner of the Lincoln Head brick written about recently.

"And true enough," she says, "my husband bought enough plain brick to build a large chimney with two grates, one upstairs and one down; also two stove flues, to heat an eight room house. The brick were bought from McIntire's brick kiln at Equality 48 years ago and with the many brick purchased from Mr. McIntire we were given the Lincoln Head brick that we used for a door stop to our front hall door. In moving it was overlooked and by regret we had never thought about it until reading about it in The Daily Register."

Mrs. Gintert reports that she was in Lightner hospital 10 days recently and stayed a few days in Harrisburg with a sister, Mrs. Lucian Vinyard. At the time she wrote the letter she was visiting her son, Clyde E. Gintert, and family at Karbers Ridge and was improving some from her illness.

Prepare Edition For Opening New Methodist Church

The Daily Register is preparing a special section for publication immediately prior to the formal opening of the new Methodist church on Mothers' Day, May 8.

In order to make this section as complete as possible, The Register plans to use numerous stories and pictures, relative to the new building and the former churches. Persons in the community having pictures, newspaper clippings or programs of bygone days, concerning Harrisburg Methodists, are asked to contact The Register.

It may not be possible to use all the pictures and materials submitted, but every effort will be made to give a cross section of the Methodist movement in this community. Articles left with The Register will be returned to the owners. These should be submitted within the next week to ten days.

Water Within Two Feet of Main Spillway At Lake Harrisburg

Water in Lake Harrisburg this morning was only two feet from the main concrete spillway at the east end of the big dam. R. R. Brown, engineer, reported after a visit to the site.

That means there is approximately two years of water supply in the lake, he stated.

The main spillway, over which water would flow if the level rose more than two feet, already is completed, he reported.

When the ground dries up and trucks can get in, the dam will be rip-rapped with rock, according to present plans, he stated.

MINES

Sahara 5, 6, 16 and second Wash-er shift work.
Peabody 43 idle.
Blue Bird 8 works.
Carmac works.

Fulbright Sees No Need for Market Control

Says No Major Abuses Uncovered During Hearing

By United Press

Sen. J. W. Fulbright said today he has found no "major abuses" in the stock market and sees "no urgent need" for any new control legislation.

The Arkansas Democrat is chairman of the Senate Banking Committee which has been studying the boom in stock prices that started in September, 1953.

Fulbright said that in three weeks of public hearings the investigation has uncovered no market abuses calling for correction by law. He said his committee will meet early next week "to see where we go from here."

The last witness called by Fulbright was financier Bernard M. Baruch who made a fortune on the stock market before World War I.

Baruch testified that neither he nor anyone else "knows whether stocks are too high today. He added that, in any case, the market is not the cause of booms and busts.

Other congressional news: TRADE: President Eisenhower said he will do all he can to push his foreign trade program through Congress. The program, approved by the House, has run into tough opposition in the Senate. Sen. Harry F. Byrd (D-Va.) today told Secretary of State John Foster Dulles he will not approve the program until he gets a full explanation of the administration's proposed international trade organization.

TAXES: A Senate-House conference committee failed at an hour-long meeting to reach a decision on the Democratic proposal to cut income taxes \$20 a person. Another meeting was called for Friday.

WIRETAPPING: Atty. Gen. Herbert Brownell Jr. was represented as feeling that strictly limited wire-tapping is "a good thing" in fighting crime. Asst. Atty. Gen. Warren Olney III gave Brownell's views to a House Judiciary subcommittee studying legislation to outlaw wiretapping except in catching and prosecuting spies, saboteurs, traitors, and perhaps kidnappers.

PERESS: Brig. Gen. Ralph W. Zwicker accused James Juliana, an aide of Sen. Joseph R. McCarthy (R-Wis.) of giving untrue testimony. Juliana told the Senate censure committee last year that Zwicker, former commandant at Camp Kilmer, N. J., gave him confidential information in the Peress case which the general withheld from a subcommittee then headed by McCarthy. Zwicker, object of a McCarthy tongue-lashing in February, 1954, said today that Juliana's testimony "is not true. Juliana retorted that he would 'stand on' it.

Churchill Meeting With Queen Revives Retirement Talk

LONDON (U.P.)—Prime Minister Winston Churchill stayed so long at Buckingham Palace during an audience with Queen Elizabeth II Tuesday night he immediately revived all the rumors about his expected retirement.

He called a meeting of his Cabinet today and the immediate speculation was he would outline a time-table for his retirement and for the British general elections expected by this fall.

The Queen left 56 minutes after Churchill arrived—an unusually long audience—but Churchill stayed another 24 minutes. It was believed he was discussing details of his retirement with the Queen's private secretary since Elizabeth must be informed first.

The top-hatted Churchill gave no hint when he emerged through the wrought iron gates to the cheers of 100 persons. He entered his limousine, popped horn rim glasses on his nose and began thumbing thru a newspaper as he drove off to No. 10 Downing Street.

Senate Votes to Spend \$84,000 on Governor's Mansion

SPRINGFIELD (U.P.)—A state senator today plugged for a new mansion to replace the "old barn" the governor now lives in.

Sen. Roland V. Libonati took the floor before the Senate voted 43-0 in favor of spending \$84,000 for repairs to the old mansion.

What the state really should do, the Chicago Democrat said, is build an entirely new mansion.

"That's an old barn of a building over there and we're wasting money on it," Libonati said.

MID-WEST URANIUM — "X" marks the spot in Hicks Dome area of Hardin County, Ill., where "pay-off" uranium is reported. A. W. Rhea, Abilene, Tex., prospector said that while flying to Mt. Vernon, a scintillator in his private plane showed a reading of radioactivity as he flew over Hicks Dome. Of 13 rock and clay samples, 12 showed 1 per cent uranium ore, he said. The government considers this of commercial value.

Seek to Recover Bodies of 66 Killed in Plane

HONOLULU, T. H. (U.P.)—Rain and rugged terrain today hampered the efforts of crews attempting to recover the remains of 66 persons killed in Hawaii's worst aviation tragedy.

Twenty-two bodies were removed Tuesday, but efforts were halted by bad weather and the fact that parts of the wreckage were still too hot to approach—nearly 14 hours after the crash.

The four-engined MATS R-6D carried soldiers, sailors, airmen and Marines from 28 separate states. A family group of three—a sailor, his wife and daughter—were among the victims.

Besides the Navy crew of nine, the plane carried 17 Air Force, four Navy, 12 Marine and 22 Army personnel, the woman and her child. The servicemen were returning to the United States for leaves or reassignment.

Pilot Off Course Military authorities today pondered the possibility that freak atmospheric conditions were responsible for the crash. They were unable to explain why the pilot was eight miles off course when the plane crashed only minutes from three airports.

The huge aircraft virtually disintegrated on impact and the wreckage burst into flame like a gasoline torch.

The plane took off from Hickam Field Monday night and reported three hours east of Honolulu that it was turning back due to radio trouble. It was 36 minutes overdue at Hickam when the crash occurred.

Victim Awaiting Discharge Pvt. Robert Kemp, 37-year-old former prisoner of war from Davonport, Iowa, missed the ill-fated flight by accident. He was on his way from Japan to Fort Ord, Calif., where he was to be discharged after 15 years of service. He took a later flight.

Pvt. John Panetti, 29, one of the victims, was returning to Windber, Pa., on a 30-day emergency furlough to visit his ailing mother. She died several hours after the crash, never knowing of her son's death.

New Plea Urges Eisenhower to End Crippling Railroad Strike in South

By United Press A new plea was sent to President Eisenhower today to end a crippling Southern rail strike, and embattled telephone workers accused Southern Bell Telephone Co. of maintaining an "army" of strike breakers.

Georgia's Gov. Marvin Griffin sent a telegram to Sen. Walter F. George (D-Ga.) saying the state's businessmen were "alarmed and disappointed" over failure to end the walkout against the Louisville and Nashville railroad.

Griffin urged George to make an attempt to "persuade" Mr. Eisenhower to expedite a settlement of the 10-day-old strike.

A walkout of 10 non-operating AFL unions has halted passenger operations and most freight movements on the L. & N. and its subsidiaries. About 50,000 workers in 14 states, including 16,000 coal miners in Kentucky alone, have been idled.

CW Vice President A. T. Jones said the company mail to the army of "strike breakers" by making one out of every five employees a supervisor. These supervisors are maintaining Southern Bell's service at near normal throughout a 14-state area.

The walkout continued to be punctuated by vandalism as 10 cables were damaged in the Atlanta, Ga. area, knocking out more than 1,500 telephones.

Although negotiations continued in both walkouts, there were no immediate signs of settlement. The railroad workers are demanding a health and welfare program, while the CWA went on strike rather than accept a "no strike" clause in its contract.

Bill to Lower Voting Age Goes to House

Passes First Hurdle by Approval Of Committee, 13-10

SPRINGFIELD (U.P.)—A constitutional amendment to lower the voting age from 21 to 18 was past its first hurdle today in the Illinois Legislature.

The House Executive Committee voted 13-10 Tuesday to send the Democratic-sponsored measure to the House floor for full debate.

It still has a long way to go, however. To take effect, the proposal must get approval of two-thirds of each house, and then be okayed by the voters in a statewide referendum.

House Minority Whip Clyde L. Choate told the executive committee that 18-year-olds had earned the right to vote through military service, and the time was gone when they could be "herded like sheep."

"Let Youth Help" "Tomorrow belongs to the youth," the Anna Democrat said. "Let the youth help shape our tomorrow."

Rep. Arthur W. Sprague opposed the measure. He said the fact youths of 18 served in the armed forces didn't mean they should get the vote. The LaGrange Republican asked if sponsors would favor lowering the voting age to 11, if children that age were called for military duty.

The same committee unanimously okayed a bill to require competitive bidding on contracts to haul surplus foods to Illinois schools.

This measure was an outgrowth of the controversy over the awarding by State School Supt. Vernon L. Nickell to Dunbar Trucking Co., without taking competitive bids. The committee was told that Nickell's legal advisers approved the bill.

Postpone Highway Measure In the Senate Highways Committee, bills to require statewide inspection of autos and trucks ran into opposition, and further consideration was postponed three weeks.

The Senate executive committee recommended passage of bills setting up commissions to study the problems of the aged, and to plan rehabilitation of the statehouse. The second bill carries an appropriation of \$1,095,000.

Appropriations of \$20,000 to study alcoholism and \$107,480 for the Institute of Tuberculosis Research won a green light from the Senate Appropriations Committee.

The House Public Aid Committee voted 16-3 in favor of a bill repealing the law that allows the state to recover old age pension payments from the estates of deceased recipients.

Claud L. Bowling Dies at Eldorado

Claud L. Bowling, 1820 Illinois street in Eldorado, died today at 6:30 p. m. in the Perrell hospital. He was a retired miner last working at Wasson mine.

Surviving are his wife, Mamie, two children, twins Carroll and Carolyn Bowling at home, and three sisters, Mrs. Maude Zerkle, Yucaipa, Calif., Mrs. Ethel Anderson and Mrs. Ruth Smith, both of Chicago.

Mr. Bowling was known to his friends as "Doc."

The body lies in state at the Martin funeral home and arrangements are incomplete.

RISES FROM RING TO KILL BULL—Courageous Patricia Hayes, girl bullfighter, is shown in ring at Ciudad Acuna, Mex., as her second bull of the afternoon throws her to the sand. She fought off attendants after being knocked down half dozen times and returned to kill the bull, for which she was awarded its ears and tail. Recovering from serious injuries suffered in recent bullfight, the plucky blonde killed the bull while in a mild state of hysteria. (NEA Telephoto)

British Labor Party Grants Reprieve to Bevan

LONDON (U.P.)—The national executive committee of the British Labor Party gave a reprieve to Aneurin Bevan today at a meeting called to discuss whether to oust him from the party.

The committee which met to consider his ouster did not expel him. Instead, the executive committee decided to set up a special sub-committee of eight members to interview Bevan and explore his attitude.

The Labor Party, consisting of Socialist members of Parliament, last week withdrew the whip from Bevan in the House of Commons. This made him a political outcast, isolated without party recognition, in Commons.

Jap Collapse Seen Before Yalta: M'Arthur

NEW YORK (U.P.)—Gen. Douglas MacArthur said today that "the imminent collapse of Japan" in World War II "was clearly apparent several months" before the Yalta Conference concession to bring Russia into the Pacific War.

The former commander of Allied forces in the Far East issued a formal statement of his views as a result of the publication last week of the Yalta papers.

"Had my views been requested in reference to Yalta, I would most emphatically have recommended against bringing the Soviet into the Pacific war at that late date," MacArthur said.

MacArthur said that all his reports after October, 1944, had pre-empted the imminent collapse of Japan and that discussions had even been held in his headquarters about the possibility that the war against Japan would end before the war in Europe.

There have been published reports that MacArthur had told Washington the invasion of Japan and the final defeat of the Japanese would cost perhaps one million lives. These reports were cited by backers of President Roosevelt as sufficient and good reason to make concessions to the Russians at Yalta.

Kiwanians Observe Boys' And Girls' Night

Boys' and girls' night was observed by members of the Kiwanis club last night at the Masonic temple and the young guests were entertained with a magic show by Carroll Porter. The guests and club members themselves were delighted with the magic performances of Mr. Porter, who was assisted in handling props by Mrs. Porter.

Guests present at the meeting were Maridel Armistead, guest of her father, Fred Armistead; Cloe Clayton, daughter of V. E. Clayton; Sue Ann Debes, niece of Arthur M. Debes; Cleo Bryan of Joliet, guest of Dan Davis; Bob May, guest of his father, Beal May; Tommy Wunderlich, son of Fred Wunderlich; Jimmy Durham, grandson of Ray Durham;

Jack Klein, son of Dr. J. J. Klein; John Cape, son of Sam Cape; Elizabeth and Kathleen Morris, daughters of Gene Morris; Russell Gaskins, son of Dr. James Gaskins; Scott Wm. Davenport, guest of his uncle, Bill Brashears; Bob and Tom Davenport, sons of L. N. Davenport, and Kip Davenport, grandson; Charles Polk, guest of John Schork, and Bill, son of Ronnie Doerge.

Democrats Tee Off on Eisenhower For Banning White House Squirrels

WASHINGTON (U.P.)—The famous, playful White House squirrels never had so many defenders as today. By the merest political coincidence, the most outspoken were Democrats.

The Democrats, delighted to find the GOP exposed on a down-to-earth issue, gleefully teed off on President Eisenhower for having the White House squirrels trapped and exiled because they scratch up his practice golf green.

The furor, touched off by Sen. Richard L. Neuberger (D-Ore.) in a Senate speech, threatened to boil up into the biggest White House controversy since former President Truman added a balcony on the building's south side.

Neuberger accused Mr. Eisenhower of doing "permanent and irreparable damage to an American tradition" by trapping the squirrels and carting them miles away to preserve the surface of his putting green. Neuberger kicked in \$25 to start a fund to build a squirrel-proof aluminum fence around the golfing area so the bushy-tailed animals can continue to romp as they have for 150 years.

He invited other wildlife lovers to contribute. The White House would have to promise, however, to stop the trapping immediately.

Neuberger's Democratic colleagues were quick to support him—at least with words.

But the White House was icily silent. Press Secretary James C. Hagerty refused to answer any squirrelly questions. Nor would he say what would be done with Neuberger's fund if the President received it.

Suggests Benson Could Help "Why doesn't the President call in Secretary of Agriculture Ezra T. Benson?" Sen. A. S. (Mike) Monroney (D-Oka.) asked a reporter. "He's been able to reduce production on everything else."

Neuberger is dead serious. "It isn't a gag," he said. "It's a pretty high-handed thing" the President has done and "I have a hunch people won't like it." Neuberger said he hopes to get pro-squirrel sentiment stirred up all over the country.

"Surely, a few squirrels on the White House lawn need not spoil the President's practice putts and pitch shots," he said.

Sen. Alben W. Barkley (D-Ky.) commented with a paraphrase from the Bible: "Birds have nests, foxes have their holes, but the son of man has nowhere to put."

Blizzards, winds and floods of spring left thousands of persons homeless and more than 40 dead across the nation today. Damage was counted in the millions of dollars.

The young season's first storm whipped into eastern Canada after burying the Midwest under a blizzard, sending wind storms and tornadoes whistling through the Ohio Valley, and unleashing some of the worst floods in a half century on the South.

But a new major snow storm roared into the Dakotas and parts of eastern Wyoming early today. There was six inches of new snow in northern Wyoming and winds were rising in the area.

The floods, storms and cold weather took at least 43 lives in 17 states. Traffic accidents killed 21 persons; 6 died in tornadoes or wind storms; 6 died in floods; 2 by exhaustion, 2 by exposure and 2 were electrocuted by fallen wires. Fires killed 4.

Spring was only three days old, but its storms had already outdone winter in viciousness and destructiveness.

Gov. William G. Stratton's office Tuesday announced that the cut will be rescinded for April, bringing payments back to 100 per cent.

A Democratic bill to appropriate \$2,900,000 to meet the fund shortage that caused the cuts was introduced to the Legislature two weeks ago. It is now on the House calendar.

Only recently this headquarters activated a flight at West Frankfort and flights have been in operation at Mt. Vernon and Carbonate for some time.

Colonel Boemer, in discussing the flight program, stated that meetings would be held after normal duty hours, attendance would not interfere with civilian occupation and that attendance would qualify the air force reservist for retirement, promotion and retention in the Air Force Reserve.

Letters explaining the plans to form the flight in Harrisburg have gone out to most Air Force reserve personnel in this area. However, if there are Air Force reservists who have not received the letter are interested, contact William H. Melton, Major AFRes, 9 West Raymond street, telephone 355-R for further information.

Petition of John W. Biggers, Harrisburg Republican, and Robert V. Wilson, Eldorado Democrat, are being circulated for state's attorney.

First filing day is March 28, the last April 4.

The special primary has been set for June 21 and the special election set for Aug. 9 to fill the vacancy in the office created by the resignation of Glen O. Jones.

President Says Pacts Must Be Ratified First

Possibility of Talks Dominates News Conference

WASHINGTON (U.P.)—President Eisenhower said today he would favor exploring the prospects for a Big Four conference with Russia after the Paris agreements are ratified.

He made it clear at his news conference that he was opposed to any meeting of chiefs of state until the ground has been explored in preliminary talks among foreign ministers.

And he restated his desire that Russia demonstrate good faith by deeds before any sort of conference is held. But he did not impose any flat conditions on preliminary foreign ministers talks.

He said exploratory talks at a lower level might lead to something constructive. And he emphasized that this government would never be backward in seizing any opportunity to advance the cause of peace.

The possibility of a Big Four conference, proposed earlier this week by Chairman Walter F. George (D-Ga.) of the Senate Foreign Relations Committee, dominated Mr. Eisenhower's news conference.

The news conference also produced these statements:

Yalta papers: Mr. Eisenhower favors publication of wartime conference records but sees nothing to be gained from going back 10 years "to show whether someone may have been right or wrong. He hopes we can use publication of the Yalta documents to profit from mistakes which might have been made and not to damage reputations."

Foreign trade: He considers the administration's foreign trade program so essential that he will exert every possible influence to see that it is enacted by Congress.

Formosa: No specific plan for a cease-fire in the Formosa straits is under consideration but any proper solution will get his sympathetic attention. He does not regard a U. N. trusteeship over Formosa as an acceptable solution.

Postal pay: He does not feel that postal workers have been neglected in pay boosts during the last 10 years and any pay boost for them higher than the 6-1-2 per cent he recommended would cause him great concern.

Bricker amendment: He has not changed his opposition to the so-called Bricker amendment which would restrict the application of treaties as domestic law.

House Shelves Bill to Revive 'Guest Statute'

SPRINGFIELD (U.P.)—The Illinois House refused today to revive a bill to make auto owners more liable for injuries suffered by guests in their cars.

The bill seeks to repeal the 1931 "guest statute," which made it more difficult for a guest in a motor vehicle to collect damages from the owner in event of an accident.

The House Judiciary committee Tuesday recommended shelving the bill by a 23-14 vote. Sponsor Robert McCarthy (D-Lincoln) moved today to override the committee, but his motion was tabled 63-36.

McCarthy said it should not be more difficult for a person to get damages for injuries because he is riding as a guest.

He and Rep. G. William Horsley (R-Springfield), both said owners of homes, boats and other types of property are not given similar protection against liability for injuries to guests.

Rep. Noble W. Lee (R-Chicago) said the "guest statute" was passed in 1931 "to stop a flood of law suits by casual riders, part of them hitchhikers, part of them persons who were accepting favors."

The Weather

ILLINOIS: Mostly cloudy tonight and Thursday with rain or snow likely south portion late tonight or Thursday and a few snow flurries north. Colder Thursday and in west portion tonight. Low tonight 30 southeast. High Thursday around 40 southeast.

Local Temperature	
Tuesday	Wednesday
3 p. m.	42 3 a. m.
6 p. m.	43 6 a. m.
9 p. m.	38 9 a. m.

Jane Griffiths takes notes for Gregory Peck in "Man With a Million," released by United Artists, in color by Technicolor, to show at the Grand Wednesday and Thursday.

The WASHINGTON MERRY-GO-ROUND by DREW PEARSON

Drew Pearson Says: Will Yalta Reberberations Affect French Debate on Germany? It's Now Established: Dulles Leaked the Yalta Documents; FDR Didn't Want Hiss at Yalta.

WASHINGTON (UPI)—Yalta fallout is like the hydrogen. It's devastating diplomatic effect continues long after the original blast.

Today the French Senate votes on ratification of the German arms agreement, which Dulles for two years has made the cornerstone of his European policy. He took four trips to Europe to urge, threaten, cajole French participation.

Yet just six days prior to French Senate debate on ratification he released a document quoting Winston Churchill as saying: "No solution has been found for controlling the French while they are controlling the Germans. If the French wish to be tireless they could produce trouble in their zone which would cause trouble in the other zones. If we decide to be strict they could be lenient. If we decide to be lenient they could be strict." French diplomats working for ratification of the German arms agreement were dumfounded, the French press furious. Before the State Department released the Yalta explosion stenographers hastily crossed out certain passages with pencils. However, French newsmen could see right through the penciled censorship, including the Churchill quote. "I do feel that if the French are given this little sop it will keep them quiet, for I feel strongly that they should not be at this table. This is an exclusive group (smiling) and the entrance subscription is at least five million soldiers." Naturally this was headlined in Paris.

Yalta's British—What flabbergasted the British was that the Secretary of State himself should leak the documents. They knew, as the entire press and diplomatic corps now knows, that it was none other than John Foster Dulles who authorized that two huge volumes be planted with the New York Times, a technique calculated to satisfy right-wing Republicans yet let Dulles tell the British he was against publication. "If that happened in England," remarked one British diplomat, "Eden would face questions in Commons next morning and might have to resign." One Yalta line that especially irked the British was the Churchill quote: "It would be a pity to stuff the Polish goose so full of German food that it would have indigestion."

Yalta wisecracks—With the weight of the war on their shoulders the old gentlemen at Yalta were full of wisecracks, which is one reason Senator Knowland demanded publication. However, Churchill and Roosevelt always wisecracked, war or no war. Here are some Yalta-cracks: Churchill: "We are pursuing the Atlantic charter. I sent a copy of this interpretation to Wendell Willkie." Roosevelt: "Is that what killed him?" Roosevelt "recalled there had been an organization called the Ku Klux Klan that had hated the Catholics and Jews, and when he had been a visit to a small town in the South he had been the guest of the president of the local Chamber of Commerce. He had sat next to an Italian on

one side and a Jew on the other and had asked the president of the Chamber of Commerce whether they were members of the Ku Klux Klan, to which the president replied that they were, but that they were considered all right since everyone in the community knew them. The President remarked that it was a good illustration of how difficult it was to have any prejudice—racial, religious or otherwise—if you really knew people." Roosevelt told this in supporting a Churchill toast for peaceful cooperation with Russia "that the common danger of war had removed the impediments to understanding and the fires of war had wiped out old animosities."

Dumb Democrats—The Democratic National committee was either too dumb or too busy playing bridge or unable to read. For the Yalta papers contained good political ammunition. . . . GOP mouthpieces, including David Lawrence's U. S. News, also Newsweek, had leaked the story that Joe Lash, one-time friend of Mrs. Roosevelt and former member of a Communist-front youth group, was to be a U. S. delegate to the United Nations. It now develops that Ed Stettinius, then Secretary of State, didn't know how to spell "Lash," the name of the governor of Ohio, and anything but a communist. Stettinius also listed Harold Stassen to be a delegate. . . . The Yalta papers also show that the chief sponsor for Alger Hiss was Stettinius, former head of U. S. Steel and former vice president of General Motors, a company not without influence in the Eisenhower cabinet. . . . Stettinius was brought into the Roosevelt administration as a wartime gesture of cooperation with big business. . . . Though Senator Knowland cited the Yalta papers as evidence FDR wanted Alger Hiss to go to Yalta, careful reading shows just the opposite. Here is a memo from Stettinius' diary written when the Yalta conference was being organized: "The Secretary (Stettinius) told Mr. Harry Hopkins that the purpose of his 12:30 appointment with the President was to 'bring with him people who will be involved in the forthcoming conferences.' The President, Mr. Stettinius explained, did not want anyone to accompany him in an advisory capacity, but he (Stettinius) felt Messrs. Bowman and Alger Hiss ought to go. Hopkins promised to discuss the matter with the President that afternoon."

Yalta Hissing—One document in the Yalta record which neither McCarthy nor Nixon is likely to quote is a memo the State Department attributed to Hiss showing he opposed giving two extra votes to Russia in the United Nations. . . . When Stalin wanted the Ukraine and White Russia to get extra votes, Hiss wrote this argument to help his superiors: "On further thought we have become impressed with the Soviet view that the initial members of the United Nations organization should be the signatories of the United Nations declaration. As none of the Soviet Republics are signatories of that declaration, Mr. Molotov's proposal that two or three of these republics be admitted to additional membership would be contrary to that principle."

In 1896 two Americans—George Harbo and Frank Samuelson—rowed across the Atlantic ocean in an 18-foot open boat. They used only oars—no sails, no motor. Their 3,200-mile row took them 62 days.

Tides occur in lakes, too. At Chicago, for instance, there's a two-inch tide in Lake Michigan.

Visits Parents Here

En Route for

Auditions in New York

Mrs. Jerry Eskow, the former Elizabeth Staiger, arrived from Hollywood Tuesday to visit her parents, Mr. and Mrs. J. Roy Staiger, and will be here until Monday.

She is en route to New York to audition for some stage plays, following a sojourn in Hollywood where Mr. Eskow is in a television show, and where they have had an apartment since she finished her engagement in the stage show "By the Beautiful Sea."

Her mother and Mrs. W. V. Rathbone and Mrs. Charles E. Combe, met her in St. Louis Tuesday.

Mahogany Cross

Earliest record of the use of mahogany is found at Ciudad Trujillo, Dominican Republic, in the form of a cross in the cathedral, erected in the early 16th century.

Trop-Artic

is the First to give you this
FULL RANGE PROTECTION
and meet the **HIGHEST STANDARD** ever
established for automobile motor oils

Ordinary motor oils may provide engine protection at low temperatures . . . or they may be effective at high temperatures. But new TROP-ARTIC All-Weather Motor Oil protects at all temperatures, from below zero to extremely high engine heat.

TROP-ARTIC is the first all-weather oil which has proved it meets the highest standard ever established for automobile motor oils . . . the Mil-O-2104 Supplement 1 test.

TROP-ARTIC is so much better than ordinary oils that it can even double the life of an engine. Get new TROP-ARTIC Motor Oil from your Phillips 66 Dealer.

Phillips 66 Futel-Fuel is the new gasoline, the only gasoline, to which is added the super aviation fuel component Di-isopropyl.

Futel-Fuel gives you increased power, higher anti-knock quality and greater fuel economy. Futel-Fuel and Trop-Artic go together for better engine performance.

FOUR GENERATIONS—Little Timmy Ray Herron is the youngest in four generations of a former Harrisburg family now living in Evansville, Ind. They are from left to right, the grandmother, Mrs. Helen Simmons, little Timmy and his mother, Mrs. Elberta Herron, and the great-grandmother, Mrs. Clara McFarlan.

Social and Personal Items

Jess Kincaides Observe 50th Wedding Anniversary
Mr. and Mrs. Jess Kincaide celebrated their fiftieth wedding anniversary at their home Sunday, March 20.
They received many beautiful gifts and cards.
Cake and punch were served to Mrs. Kincaide's relatives: Mr. and Mrs. Albert Shires (Mrs. Shires is a sister to Mrs. Kincaide and was a guest at the wedding in Louisville, Ky., March 22, 1905); Mr. and Mrs. Doad Bowman, Mr. and Mrs. Elmer Bowman, Mr. and Mrs. Henry Williams, Ridgway, Mr. and Mrs. Gilbert Wright, Mr. and Mrs. Harry Hopkins, Mr. and Mrs. John Lane, Mr. and Mrs. Joel Newkirk, Mrs. Robert Bertino and a sister, Mrs. Joe Johnson. Mrs. John Jackson, sent a gift but could not be present.
Mr. Kincaide's relatives present were a brother and sister-in-law, Mr. and Mrs. Horace Kincaide, Mr. Morris, Mich., brothers-in-law and sisters, Mr. and Mrs. Claude Matheny, Decatur, Mr. and Mrs. Henry Toelka, Flint, Mich., Mrs. Nora Karl, Flint, Mich., and two nieces, Mrs. Mildred McCabe, Terre Haute, Ind., and Mrs. Harvey Kahl, St. Marys of the Woods. Also present were Mr. and Mrs. Albert Seifried, Carmi, Mrs. Myrtle Tierney, Eldorado.

Mrs. Victor Humm Hostess To Xi Beta Omega Chapter
Monday evening Mrs. Victor Humm was hostess to Xi Beta Omega chapter of Beta Sigma Phi. She was assisted by Mrs. James Stricklin.
The March cultural program was given by Mrs. Lo Dema Taylor, on the subjects, "Pictures and Mirrors" and "The Things About Us."
Mrs. Taylor spoke on the manufacture of mirrors and their importance in decorating the home as well as being useful. She told how a person can distinguish a good, well-made mirror, from a cheap one and the importance of buying the best mirror one can possibly afford.
Picture framing and the hanging of pictures were also discussed in detail.
The business meeting was in charge of the president, Mrs. Mary Alyce Morris, and an invitation was extended the chapter from Beta Kappa chapter to an Easter breakfast on Palm Sunday and to a card party at the Venice club on April 10.
A dinner party for the chapter and guests was planned and Mrs. Robert Davenport and Mrs. Gene Kimberlin will be co-hostesses for this affair.
Mrs. James Stricklin gave an interesting report on a meeting recently held with a representative from Beta Sigma Phi national office and a delegate from each of the three Beta Sigma Phi chapters in Harrisburg.
A nominating committee was named by the president to report at the April meeting. Mrs. Lo Dema Taylor, Mrs. Robert Davenport and Mrs. Wayne Dixon form the committee.
The meeting was adjourned and a delicious pineapple pudding and coffee were served by the hostesses.

TO WED IN MAY. Announcement is being made of the engagement and forthcoming marriage of Miss Mary Jewell Agin, daughter of Mrs. Mary Agin and the late Oscar Agin, to Roy M. Seright, son of Mrs. Naida Seright Upchurch. The bride-to-be, a graduate with the class of 1951 from the Harrisburg Township high school, is employed by the F. W. Woolworth company. Mr. Seright, also a graduate of the Harrisburg Township high school, has had two years of college, and is now employed in the drafting department at the Sundstrand Machine Tool Company in Rockford, Ill. The wedding has been planned for May 26.

Gaskins City Baptist Fideles Class Meets

The Fideles Sunday school class of the Gaskins City Baptist church met at the home of the teacher, Mrs. Esther Greer, recently for the monthly social.

The meeting opened with the song "Will There Be Any Stars in My Crown." The devotion was given by Mrs. Beulah Vaughn.

A gift was presented to Mrs. Bonnie Mings who is moving soon to Peoria.

Ice cream, cake and Cokes were served to Mrs. Lizzie Threet, Mrs. Beulah Vaughn, Mrs. Rita Humphrey, Mrs. Genevieve Grounds, Mrs. Bonnie Mings, Mrs. Bobbie Stanley, Misses Effie Armistead and Aline Armistead, and the hostess, Mrs. Greer.

RUN DOWN... DOG TIRED?

*These symptoms if due to a vitamin deficiency occur only when daily intake of vitamins B₁, B₂, and niacin is less than minimum daily requirements over a prolonged period. In themselves, they do not prove a dietary deficiency as they may have other causes or be due to functional conditions.

Special Formula supplies iron you may need for Rich Red Blood

Do you feel run down, nervous or depressed? Lost your appetite—constipated—bothered by digestive upset? You may be suffering from iron-and-vitamin starvation over a prolonged period. BEXEL, the Special high-potency Formula, supplies supplementary quantities of iron for rich red blood and quick vitalizing energy. Each BEXEL capsule gives you 5 times the daily minimum requirements of blood-building iron; more than the daily minimum of all essential B-vitamins; plus Vitamin B₁₂ and trace minerals. Get wonderful new pep and energy with BEXEL—now available at all drug stores.

First Baptist Dorcas Class Holds Meeting

The Dorcas Sunday school class of the First Baptist church met at the home of Mrs. Harvey DeVar, 313 South Jackson, Tuesday evening.

Mrs. Karl Wallace, president, presided over the meeting which opened with the class song and with prayer by Mrs. Ray Brad-dock.

Following the business meeting Mrs. Pava Whitehead was in charge of the program. Mrs. Charles Mitchell gave the devotion and Miss Peggy Strader gave a humorous reading.

Games were played with prizes being won by Mrs. DeVar, Mrs. Leslie Waite, and Mrs. Ed Cole. Mrs. DeVar was assisted by Mrs. Paul Burnam and Mrs. H. C. Lewis in serving refreshments in keeping with the Easter theme to those mentioned and to the following: Mrs. Luther Armistead, Mrs. Ruby Bryant, Mrs. B. E. May, Mrs. Roy Hughes and Mrs. W. J. Calvert.

Mrs. May closed the meeting with prayer.

Saline County Medical Society Ladies Auxiliary Meet at Blackard Home

The March meeting of the ladies' auxiliary to the Saline County Medical society was held at the home of Mrs. W. J. Blackard Monday.

The business session was conducted by the president, Mrs. B. E. Montgomery. Mrs. D. A. Lehman gave an interesting talk on "Legislation."

Delicious refreshments were served by the hostess to the following: Mrs. James Wimpee, Mrs. J. J. Klein, Mrs. G. R. Johnson, Mrs. B. E. Montgomery, Mrs. N. A. Herrmann, Mrs. Harold Brown, Mrs. N. A. Thompson, Mrs. D. A. Lehman, Mrs. Robert Ferrell, Mrs. Warren Tuttle, Mrs. John Duffy, and Mrs. James Wells.

Mrs. Lolo Eddy received a message Tuesday that her daughter, Mrs. Robert A. Gibson, and children had arrived in New York safely. They will sail for Bremerhaven, Germany aboard the Rose today and be on the ocean for the next seven to nine days. They will be met there by her husband, S-Sgt. Gibson, and will go to Landsberg, Germany, where they will make their home. S-Sgt. Gibson is stationed there with the air force.

Dr. and Mrs. L. J. Eddy and three of their children are residing in Harrisburg for an extended time following Dr. Eddy's resignation from the U. S. Navy. Dr. Eddy is a dentist and expects to seek practice in Missouri or New Mexico after visiting here with his mother, Mrs. Lolo Eddy.

The Daily Register 25c a week

First to Change
First large American city to abandon use of streetcars as a municipal conveyance was Spokane, Wash., which replaced them with buses in 1936.

Mrs. Hallie Butler was called Saturday night to Riverside, Ill., due to the serious illness of Mrs. Frank E. Berg who is a patient in the McNeal Memorial hospital in Berwyn with pneumonia. Mrs. Berg is the daughter of Mrs. Hallie Butler and the late Dr. A. J. Butler.

James McKee, HTHS mathematics instructor and assistant coach who was seriously injured Saturday night in a crash in which Larry Sprott lost his life, is showing improvement at Lightner hospital, his friends reported today.

Banana cream pie never tasted so good! The secret is the special smoothness in MILNOT you just don't find anywhere else. You can see it—watch, while you stir the creamy MILNOT into your recipe—watch, while you spread that filling—see the MILNOT smoothing your way to a wonderful pie!

It's a first-bite success—thanks to MILNOT! And—so thrifty, made with MILNOT, you can serve it often! MILNOT, AT HALF THE COST OF MILK, saves money while it adds that wonderful, flavorful smoothness. Remember—THERE'S NO CANNED TASTE when you cook with MILNOT!

See how MILNOT makes the Smoothest Banana Cream Pie ever!

BANANA CREAM PIE

Recipe No. 2 in MILNOT Pie Festival

1 eight or nine-inch baked pie shell
1 pkg. vanilla pudding mix*
1 cup MILNOT
1 cup water
Bananas
1/2 cup chilled MILNOT
2 tablespoons sugar
1/2 teaspoon grated lemon peel

Prepare pudding mix according to package directions, using MILNOT and water for liquid. Blend MILNOT with mix, then add water. Cook as directed; cool 5 minutes. Arrange sliced bananas in bottom of pie shell and pour in filling. Chill. Just before serving, whip the 1/2 cup chilled MILNOT until stiff; fold in sugar and lemon peel. Spread over top of pie and garnish with additional banana slices. Serve at once. 6 servings.

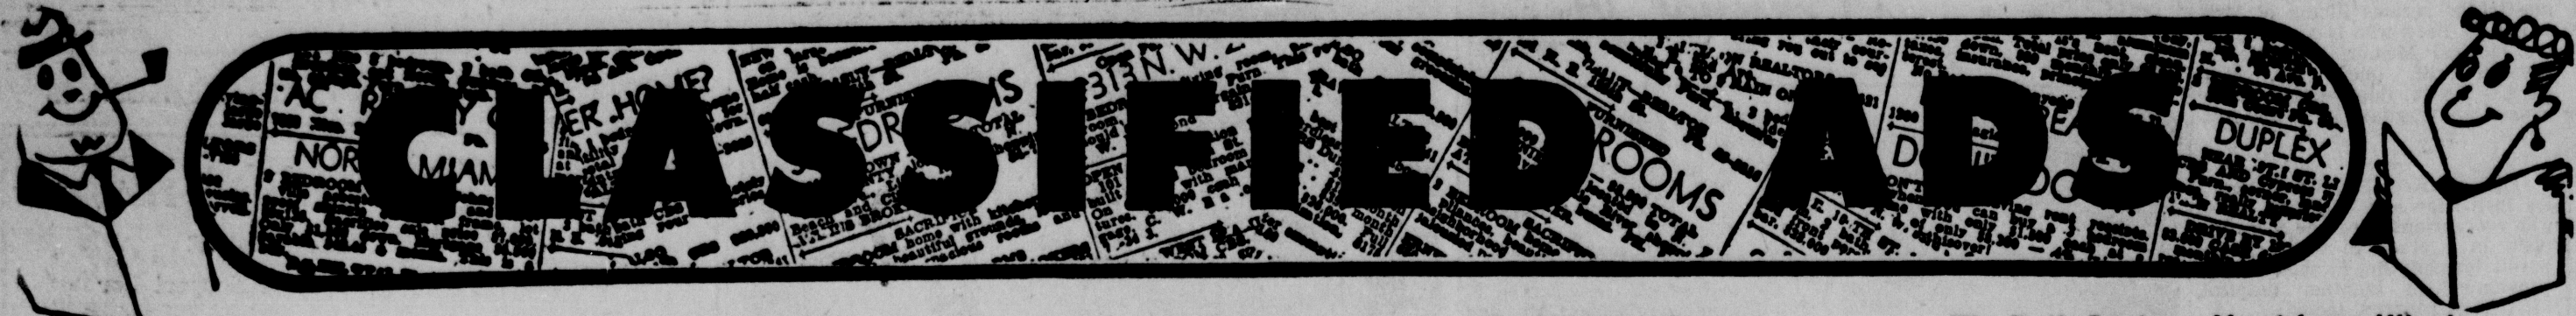

*Use pudding mix requiring 2 cups liquid. Try this delicious filling served in sherbet glasses, with whipped MILNOT and bananas on top, for another exciting dessert!

NOTE TO MOTHERS: MILNOT contains MORE THAN TWICE the rich mineral and protein values found in costly cream or milk. Good-tasting MILNOT is pasteurized, homogenized and vitamin-fortified.

★ Grand in your coffee!
★ Whips without chilling!
★ Secret of smooth cooking!

MILNOT... CREAMY-RICH AND THRIFTY, IN COFFEE AND FOR COOKING!

Civil Service to Hold Written Tests At HTHS Saturday

The Illinois Civil Service Commission will hold written tests for cottage parents and warders Saturday, March 26, at Harrisburg Township high school.

Married couples are in particular demand for employment as cottage parents at the State Training School for Boys at St. Charles. Individual men are also employed as cottage parents at St. Charles and individual women at the State Training School for Girls at Geneva. Women only are employed as warders and work primarily at the Reformatory for Women at Dwight.

The current starting salaries are \$176 a month for Cottage Parent I and \$193 for Cottage Parent II and Warder. Persons employed in these positions may obtain housing, meals, personal laundry and emergency medical care for a nominal cost of \$38 a month.

Persons interested in these positions may report directly to the Harrisburg high school at 9 a. m. on March 26. Further information may be obtained from local offices of the State Employment Service or from the Illinois Civil Service Commission, 501 Armory building, Springfield.

Benefit Bridge For Cancer Fund

The Herrin Elks duplicate bridge club will sponsor a two-session benefit bridge tournament this Saturday, March 26. Club President J. W. McCord of Herrin announced today. The tournament will be held at the Herrin Elks club, and proceeds will go to the American Cancer Society. The first session will begin at 2 p. m. the second at 8 p. m. under the direction of McCord, and master point awards will be given on sectional tournament basis.

All bridge players are cordially invited to participate in either session or both. Each session carries its own awards; however, an extra over-all award is planned for pairs participating in both sessions. Players are expected from a radius of up to 300 miles, McCord said. He also added, "It certainly isn't necessary for participants to be 'excellent' bridge players. We just want everyone who likes to play bridge to come on out, enjoy a game, and help the American Cancer Society start its kick-off drive."

Russia Notifies U. S. Two Missing in Helicopter are Safe

HEIDELBERG, Germany (AP) — Russian officials notified a U. S. Army liaison mission today that two men who disappeared in an American helicopter over the Soviet Zone are "safe and unharmed."

The helicopter was piloted by 1st Lt. Louis H. Jaquay, of Fort Wayne, Ind. Aboard was a German, Horst Kuehn.

The Daily Register 25c a week by carrier boy.

Just stop in and get an "official" entry blank which you merely sign and mail to the Reuben H. Donnelly Company, Chicago, Illinois. Husband and wife may both enter thereby doubling chance to win. If you win, you have choice of a Speed Queen deluxe model automatic WASHER or automatic DRYER.

There is nothing to buy — no strings attached — just sign and mail the blank.

Submits Bill to Pay Tuition Fees On School Costs

SPRINGFIELD (UP)—A bill to base tuition fees at state-supported colleges and universities on the institutions' operating costs was submitted to the Illinois Senate today.

Sponsor was Democrat James O. Monroe, Collinsville. It would apply to the University of Illinois, Southern Illinois University, and teachers colleges at Macomb, Nor-

mal, Charleston and De Kalb. Governing bodies of the institutions would be required to charge a tuition equal to what the total institution operating cost averaged per pupil. This could be abated on a pro rata basis, if a student's family didn't have enough income. There could be no abatement if a student's family made more than \$10,000 a year and he was their only child at the school; if the family made more than \$15,000 and had no more than two children at the school, or if it made more than \$20,000 and had no more than three children at the school.

Calendar Of Meetings

- Rev. Clifford Galier, young minister of Fairfield, will preach at Bethel Pentecostal church on Pearl street in Eldorado Thursday at 7:30 p. m. The public is invited.
- There will be a stated meeting of Harrisburg chapter No. 671, Order of the Eastern Star, Thursday at 7:30 p. m. Cecil Damron, W. M.
- The choir of the McKinley Avenue Baptist church will meet for rehearsal tonight following prayer service.
- Midway I.O.O.F. lodge No. 942 will hold its regular meeting Thursday at 7 p. m. Also district meeting. All Odd Fellows welcome. Carl Ewell, N. G.
- The Madonna Council of the Knights of Columbus will meet today at 7 p. m. at the Venice club.
- The Crescent Home Bureau unit will hold its regular meeting Thursday at 7:30 p. m. at the home of Mrs. Thela Patten, 419 West Sloan.
- The Harrisburg Community Concert Ass'n announces that a bus will not be chartered to go to Carbondale Thursday for the Rise Stevens program because of an insufficient number of reservations.
- Worm Needs Air**
 Worms sometimes appear on the ground after a rain probably because their tunnels are flooded and they come up for air. An earthworm will survive for some time in water, but needs air for a supply of oxygen.
- Green turtles are not green. The name is derived from the color of its fat, used in making turtle soup.

Approve Powell Resolution to Use State Trucks to Haul Food to Schools

SPRINGFIELD (UP)—The Illinois House today asked Gov. William G. Stratton to use state trucks to haul surplus foods to schools until a new food-hauling contract is signed.

By a voice vote, the House adopted a resolution offered by Vienna Democrat Paul Powell who said 3,000 Illinois school districts face an emergency with their school lunch programs.

Stratton told a reporter afterward he would consider the resolution and try to find out if an emergency exists. If it does, he said he will confer with Public Works Director Edwin A. Rosenstone to learn whether the state has trucks available.

The controversial state contract with Dunbar Trucking Co., Springfield, has been canceled effective March 31. State officials now are trying to work out a new one, but say it may take weeks.

Powell said "It will take a month" to negotiate a new contract, and meanwhile "many schools' downstate will be deprived of surplus foods."

"This resolution is to call this matter to the governor's attention," Powell said.

"We have trucks available from the highway division and trucks of other state agencies," Powell said. "I don't think there is anything that we can spend a few dollars on to more advantage."

House Majority Leader John W. Lewis Jr. (R-Marshall) objected to Powell's move for immediate consideration of the resolution. Powell

won 79-20, however, and the resolution was adopted.

The resolution itself said about 3,000 school districts will be "temporarily denied the right to continue their school lunch programs because of the failure to conclude contracts for transporting federal

surplus commodities."

"It is an intolerable situation to penalize our children because of the failure of adults to perform their duties," it said.

"We respectfully request Governor Stratton to assemble immediately all available transportation at the service of the various agencies under his control and to divert their use to alleviate the condition which prevents thousands of school children from obtaining nourishing meals," the resolution said.

Egyptian Health Dep't News

COOPERATION NEEDED IN POLIO VACCINE PROGRAMS

The story behind the new polio vaccine, which may be given to 1121 Saline county school children this spring if it is licensed for use, is being discussed at great length by many people. Developed thru March of Dimes research, the Salk vaccine was given to 440,000 school children last year in field trials sponsored by the National Foundation for Infantile Paralysis. A scientific report on its effectiveness is expected in April.

If this report shows that the vaccine prevents paralytic polio and it is licensed by the Federal government the Egyptian Health department will receive a supply for all children in the first and second grades of our public and parochial schools. It will be supplied without charge for the product by the National Foundation to your local health department. It will be apportioned to all communities in the county. If the evaluation report does not warrant licensing, the vaccine will not be distributed. If it is licensed, it will not be used in another test, but will be the first use of a newly-established preventive measure.

Plans are being made now so that your health department shall be ready to vaccinate children as soon as possible after the license is issued. This article has been written to answer questions about the use of the vaccine and to arrange for assistance in clinics, if the program is carried out. While only children in certain school grades will be offered vaccine in the community program, vaccine also will be available to physicians through usual channels.

If the vaccine is licensed, all members of the Egyptian Health Dept. will be needed to help in the administration of the program. The school buses and P. T. A. groups will also be asked to help handle children and transport them to the clinics and to work with school officials to expedite the program.

Father and Son Questioned in Unsolved Murder

PEORIA, Ill. (UP)—Police today questioned a father and son in connection with the unsolved murder of railroad president George P. McNear Jr. during a 1947 strike.

Anthony Gibson, 48, and his son, William J. Gibson, 27, both ex-convicts, were seized Tuesday in the city library as they tried to collect \$1,000 from McNear's widow for information about the killing.

Looking AT Sports

By ED KIRKPATRICK

Our final "You Pick 'em" contest of the basketball season brought a fine response. It was probably the toughest of the lot since most of the teams were actually little known by people of this area. Records, size of the school and height and experience don't always give you the key to a winner. Neither do polls or ratings.

There were sixteen winners to pick on the "Sweet Sixteen" blank. Tom Golden walked off with the top honors in our final contest, guessing 12 of the 16 outcomes correctly. Tom had Moline winning its way into the final game against Rockford West, and there in missed three. His other miscue came in picking Peoria over Lincoln.

Placing second, tied with five misses each, were David Wiley, Rollie Moore, James Tanner and Mrs. Evadeen Hamilton, all of Harrisburg, and Norma and Ed Flannell, Carrier Mills. Wiley was actually second best to Golden, for he came closer to the championship game score than anyone. Dave's figuring brought him within four points of the totals scored by Elgin and Rockford West. Wiley's blank also traveled the greatest distance, coming from his part-time home at Wabash college, Crawfordsville, Ind.

Those missing six were Steve Starkey and Bob Peyton, Galatia, and David Lee Odum, Carrier Mills, and Paul D. Dann, Harrisburg Route 2. Odum was in a class by himself after the first round of "Sweet Sixteen" play, for he was the only entry who got every first round game correct. Odum stayed with the southern Illinois teams, however, missing four with Shawneetown and Pinckneyville and two others.

The Lincoln-Peoria outcome caused the most trouble for the pickers. Fifteen had Rockford and therefore picked the champs. No one missed more than 11.

If you've enjoyed our little "You Pick 'em" blanks and contests through the past few weeks of the basketball season, drop us a card or let us know the next time you see us.

Another all-state basketball team—selected by the Chicago American—has been announced. An All-State 16-player squad includes three players from the deep south. They are Bill Lawrence of Herrin, Bobby Joe Mason of Centralia and Jim Lazenby of Pinckneyville. Others are Gentry, West Rockford; Hawkins, Parker of Chicago; McKibben, Thornton of Harvey; Lewis, St. Phillip of Chicago; Polich, Belleville; Verstraete, Moline; Alley, Elgin; Day, Marshall of Chicago; Ruklick, Princeton; Schaul.

at, Collinsville; Jackson, Edwardsville; Taylor, Rich Township and Vesley, E. St. Louis.

Receiving outstanding mention were Oliver Rollins of Carrier Mills at center, Arlen Hill of Pinckneyville, Dwight Barfield of Metropolis, Dale Harris of Marion and Bobby Spotts of Shawneetown as forwards. Jack Nolen of Shawneetown was given honorable mention as a forward.

Red Sox Hopeful Ted Williams Will Report Soon

SARASOTA, Fla. (AP)—The Boston Red Sox officially admitted for the first time today that Ted Williams intends to return to baseball.

"I guess everyone knows by now Williams would have been here March 1, if he weren't involved in family trouble," said General Manager Joe Cronin of the Sox early today.

Another club official, not Cronin, indicated that an unforeseen hitch has delayed Williams' return, which has been expected here momentarily since early Tuesday.

Ted made up his mind on Sunday," said the official. "Then he changed it again on Monday."

Williams had indicated he would be here Tuesday, and Johnny Orlando, the Red Sox' clubhouse attendant, had things all set for the 36-year-old outfielder to take part in Tuesday's workout—taping his name on the front of his locker and putting four brand-new pairs of spiked shoes in the locker.

After Williams failed to show up, Cronin came into the dressing room—an unusual thing for him—and stripped off the name tape. Then he ordered Orlando to remove the shoes and stalked from the room without making any explanations.

Williams' exact whereabouts at the present time are not known. Folks at his fishing base town in the Florida Keys haven't seen him there in several days. His partner in a fishing tackle sales business says he hasn't "come around" the office in Miami recently.

But now the Red Sox are openly hopeful that he'll be here very soon.

EXPECT ROOKIE HURLERS TO REMAIN WITH PHILLIES

BRADENTON, Fla. (AP)—Manager Mayo Smith of the Philadelphia Phillies named seven rookie pitchers today who are almost certain to stick with the team past the opening of the National league season.

They are Jack Meyer, Jim Owens, Tom Casagrande, Dick Farrell, Angelo Liperti, Ron Mrozinski and Lynn Lovenguth.

The Phillies meet the Milwaukee Braves today.

Dodds, Simmons to Highlight Track, Baseball Clinic

CARBONDALE, Ill. (AP)—Gil Dodds, Wheaton college track coach, and John "Hi" Simmons, University of Missouri baseball mentor for 16 years, will highlight Southern Illinois university's seventh annual baseball-track clinic Friday.

"We believe we have an outstanding program lined up for area coaches," Clinic Director Leland "Doc" Lingle, veteran SIU track coach, said today.

Dodds, the "Flying Parson" who held the world's indoor mile record for 11 years and has been coaching championship teams at Wheaton, will lead clinic sessions in track. During the nine years he has been Wheaton coach his teams have won eight state cross-country championships and eight consecutive College Conference of Illinois titles. His teams have the indoor Midwest Invitational title five times since 1947 as well as winning various other meets. In eight years of big time competition Dodds had an average time of slightly under 4:10 for the mile, winning 30 of 37 races.

Simmons, dean of the Big Seven conference coaches, collected his sixth league title in 1954 and has a career record of 182 games won as against 85 lost. In 1952 he guided the Tigers to the finals of the NCAA where they lost to Holy Cross in the championship game. He is highly regarded as a gifted "off-the-cuff" speaker. Simmons will conduct baseball sessions at the SIU clinic.

Mike Souchak Wins Seminole Golf Tournament

MIAMI BEACH, Fla. (AP)—Golf-dom's touring professionals, headed by Seminole champion Mike Souchak, moved down Florida's east coast today for a one-day pro-amateur tournament at the local Bayshore Course.

Souchak completed a grand-slam victory in the Seminole pro-amateur championships Tuesday at Palm Beach when he fired a three-under-par 69 in the final round of the 36-hole tournament.

The husky, former Duke University football star beat out 50 other players with a 139 total in the provision of the unique tournament and also tied for first in the best-ball competition with each of two partners. Three victories netted him a total of \$3,550 for two days of golf.

In the pro division, Peter Thomson of Australia finished one stroke back of Souchak with a 140. Bob Winingor of Oklahoma City, Okla., the first round leader, was third with a 141.

Sam Sneed of White Sulphur Springs, W. Va., Gene Littler of Palm Springs, Calif., and Art Wall Jr. of Pocono Manor, Pa., tied at 142, while Eric Monti of Los Angeles had a 144.

House Urges Continuation of Sweet Sixteen

Calls On IHSA To Abandon Plans For 8-Team Tourney

SPRINGFIELD (AP)—The Illinois House today urged a continuation of the "Sweet 16" prep basketball finals.

By a voice vote, the House adopted a resolution calling on the Illinois High School Assn. to abandon plans for an eight-team championship tourney at Champaign next year.

Rep. Joseph Kohout (D-Chicago), one of 25 sponsors, told the House he introduced the resolution "with the hope of continuing and perpetuating the same 'Sweet 16' that we have had in the past."

"Our high school boys receive a great thrill from going to Champaign," Kohout said. "The tournament is played in an atmosphere of good fellowship, teamwork and helps our boys live a clean athletic life."

Rep. Walter J. Reum (R-Oak Park) objected to immediate consideration of the resolution, saying it should be studied by a committee first. But Kohout defeated Reum's motion on an 83-3 vote and then the resolution was adopted.

Reum said he had seen Albert Willis, executive secretary of the IHSA, interviewed on a television program from the tournament last week and explained the reasons for discontinuing the "Sweet 16."

Reum said he understood there will still be 16 teams in the finals, but the first eight games will be played at centers other than Champaign.

Reum said it was pointed out that many more people would be given an opportunity to travel to first-round games under the new setup.

"It was also cited that the 16-team schedule was exhausting on the young men at that stage of life," Reum said.

Reum said the IHSA had been "talking about this since last year, and I think they have given it much consideration and thought."

Kohout said the resolution should be considered now because it was "necessary and timely to do it this week after the Sweet 16 tournament."

"Over 7,000 boys each year eagerly look forward to the opportunity of participating in the district, regional and sectional basketball tournaments and hope eagerly for the much-prized chance to play in the 'Sweet 16' tournament in Champaign," the resolution said.

"The schoolmates, parents, families and friends of these boys and the alumni and friends of the schools keenly anticipate seeing these boys from 16 schools play for the greatest high school athletic honor in the state."

"The inter-high school spirit, the wholesome enthusiasm and excitement, the demonstrations of good sportsmanship, and the demands for skill, courage and teamwork which a Sweet 16 tournament develops and reveals are worthy of perpetuation," the resolution said.

A'S LOSE FIFTH STRAIGHT AT HOME BASE

VERO BEACH, Fla. (AP)—The Kansas City Athletics were just about convinced today they aren't a "home team"—at least in the spring.

The A's bowed to the Brooklyn Dodgers' "B" team, 10-9, Tuesday at West Palm Beach for their fifth straight loss at their home base. Nevertheless, they invaded "Dodgertown" today with a 4-1 record on the road.

Public Sale

I. Earl Wise, will sell at Public Auction all of my personal property and livestock on

Sat., March 26, 1955,

beginning at 1 o'clock, located at my farm home which is 3 1/2 miles northeast of Eldorado, Illinois, or 1 1/2 miles east of State Route 15, then one-quarter mile north, follow "Sale Signs."

Southern Illinois All-Stars, Coach Of Year Named

The southern Illinois all-star basketball team chosen for WSIL-TV by 125 sports writers, radio announcers and coaches in Egypt was unveiled in a WSIL television program last night in which Barney Genisio, Shawneetown coach, was given a trophy as the coach of the year.

The all-star team consisted of Bill Lawrence of Herrin and Jack Nolen of Shawneetown, forwards; Oliver Rollins of Carrier Mills, center; Bobby Joe Mason of Centralia and Dale Harris of Marion, guards. All were present on the program except Mason, who also was given an award for being voted the most valuable player.

College Coaches Disappointed In Rules Changes

By United Press

Disappointed college coaches took pot shots at the new basketball rules today, predicting a number of bad effects ranging from more zone defense to a waste of paint.

A vast majority of the coaches disliked at least some of the six new rules, which were passed by the National Rules committee in disregard of recommendations made by the Coaches' Association. Only a small minority appeared pleased by all the rules.

The rules changes ranged from extending the bonus throw for the full 40 minutes to widening the free throw lane from the present six to 12 feet. Under the old bonus rule, an extra free throw was awarded if a player sank his first effort during the first 37 minutes of the game. Two free throws were awarded automatically for fouls occurring in the final three minutes.

"Basketball is not progressing," complained famed Dr. Forrest C. (Phog) Allen of Kansas. "The game needs more balanced rules."

"Why, they're just messin' up the gym," grumbled Ed Diddle of Western Kentucky. "Every gym floor in the country will have to be repainted."

Ken Loeffler of La Salle, who teaches law, summed up his feelings tersely: "A tremendous mistake."

Briefs from Training Camps

TRAINING CAMP — Ray AVILA EXPECTED AT INDIANS' CAMP

TUCSON, Ariz. (AP)—American league batting champion Bobby Avila was expected "momentarily" in the Cleveland Indians' camp today as they prepared for a trip to the West Coast.

Avila reported Tuesday that he was en route to the Indians' training site after signing for an estimated \$27,500. The Indians hope to have him with them when they leave for San Francisco Thursday night.

Manager Al Lopez, meanwhile, revealed that rookie pitcher Herb Score's left knee has become swollen because he favored it after an ankle sprain. The ailment is not considered serious.

The Indians seek today to take a 3-4 lead over the world champion New York Giants in their "World Series On Tour" spring series. The Giants were idle Tuesday while the Indians bowed to the Chicago Cubs, 3-2.

SMITH PROTECTS CARDINALS' LEAD

SARASOTA, Fla. (AP)—Manager Eddie Stanky of the St. Louis Cardinals called on Frank Smith Tuesday and got the kind of job he hopes will be "routine" during the regular National league season.

Stanky rushed Smith into the game when the Cincinnati Redlegs rallied for four runs in the ninth inning and the big relief specialist put out the fire to preserve a 7-6 St. Louis triumph.

The Cardinals play the Boston Red Sox today.

SENATORS BEAT DODGERS IN 10 INNINGS

ST. PETERSBURG, Fla. (AP)—Come what may this season, Manager Charley Dressen of the Washington Senators has the satisfaction of beating the Brooklyn Dodgers—the team he led to two National league championships.

Dressen's Senators came through Tuesday with a 10-inning, 4-3, win over the Dodgers on a pinch single by Jesse Levan, climaxing a spring contest that was played as spiritedly as a World Series game.

Ted Abernathy and Bob Porterfield held the hard-hitting Dodgers to 10 hits while the Senators had 13 off four Brooklyn pitchers.

Brooklyn plays the Kansas City Athletics at Vero Beach today while the Senators meet the New York Yankees.

CUBS DEFEAT INDIANS 3-2

MESA, Ariz. (AP)—The Chicago Cubs may have their troubles in the National league this season, but they're doing all right against the American league champion Cleveland Indians.

Howie Pollet and Jim Brosnan combined for a five-hitter Tuesday to give the Cubs a 3-2 victory over the Indians. It was the Cubs' third victory in four meetings with the Tribe this spring.

The first chest protector was worn by a baseball player in 1885.

Globetrotters Play Collegians at St. Louis April 9

ST. LOUIS, Mo. (AP)—Saperstein's famed Harlem Globetrotters, who will tackle the College All-Americans in the sixth annual World Series of Basketball here at the Arena on Saturday night, April 9, are making their 28th successive season, currently in progress, even more sensational than the fabulous years which preceded it.

The much traveled Trotters are currently on a winning streak and are riding the crest of an undefeated wave in a "regular" season that began in mid-October.

Last year in a season that extended from October through September, the Trotters traveled six continents plus the United States and Canada and racked up an amazing 108 victories which was made possible by breaking the team in two units which were dispatched to countries in all parts of the world.

In 1954 series competition against the All-Americans the Globetrotters wound up the 21-day tour with 15 victories against only seven defeats and played before 296,000 fans.

While the Trotters have had the edge in victories over their collegiate opponents, this year's crop of college All-Americans have all the earmarks of being the best in the history of the annual post-season series.

Coach Ray Meyer, mentor at DePaul university of Chicago has again been named to coach the collegians and, even though the players who will wear the uniform of the collegiate team are yet unnamed, it is likely that Meyer will have a wealth of material and will field a team that will combine all the necessary qualities of a winning squad and give the Trotters the best run for their money in the five years that the basketball spectacle has been in existence.

Tickets for the April 9th game are now on sale at the Arena box office and the Arcade Bldg. in downtown St. Louis. Prices including taxes are: \$3.75, \$3.25, \$2.50, \$2.00, \$1.50, \$1.00. Mail orders are still being accepted and should be sent with a check or money order to the Arena Ticket office with a self addressed, stamped envelope.

Rabies Vaccination at Carrier Mills Saturday

A rabies vaccination clinic will be held Saturday from 1 to 5 p. m. at the Carrier Mills city hall. Mayor Freeman O'Keefe announced today. Carrier Mills had a large percentage of dogs vaccinated last year and Mayor O'Keefe is stressing a more extensive program this year.

The Illinois State Legislature passed a bill in 1953 providing

that all dogs, allowed to run loose, in the state must be vaccinated annually.

A licensed veterinarian will be present and the charge will be \$1.50.
